OBJECTIVE

Motivated Computer Engineering student with a strong focus on back-end development, particularly in Java, Spring Boot, and Microservices. Interested in applying skills in real-world projects, expanding knowledge of emerging technologies, and tackle complex coding challenges. Looking for opportunities to contribute as a back-end developer and grow as a software engineer.

EDUCATION

Bachelor of Engineering (Computer Engineering) Expected 2027

Metropolitan Institute of Technology and Management, Sukalwad

Relevant Coursework: Object-Oriented Programming, Data Structures and Algorithms, Database Management Systems, Web Technologies, Operating Systems.

HSC (Class XII) 2021 – 2022

N.S.P Junior College of Arts, Commerce and Science, Devgad, Sindhudurg

SSC (Class X) 2019 – 2020

S.M.G High School, Devgad, Sindhudurg

SKILLS

Technical Skills: Java, OOPs, Spring Boot, REST APIs, Microservices, JSP, MySQL, JDBC, Hibernate, HTML, CSS, JavaScript, Tailwind CSS, Thymeleaf, Data Structures and Algorithms.

Tools: Git, GitHub, Postman, Maven.

Soft Skills: Problem Solving and Debugging, Time Management, Adaptability, Communication, Collaboration.

PROJECTS

News Application — Developed a Spring Boot application using Thymeleaf fragments and Tailwind CSS to display real-time news from the NewsData.io API. Implemented category filtering and trending sections([Github](#))

Weather Application — Created a Spring Boot application integrating the OpenWeatherMap API with RestTemplate to fetch and display real-time weather data using Thymeleaf. ([Github](#))

To-Do List — Built a Spring Boot web app featuring Thymeleaf and Tailwind CSS for task management, including add/edit/delete functionalities.([Github](#))

Bank Management System — Designed a console-based Java application using JDBC for user registration, transactions, and account management, including secure PIN authentication. ([Github](#))

CERTIFICATIONS

Mastering Java + Spring Boot: REST APIs and Microservices ([Udemy](#))

The Front-End Web Developer Bootcamp: HTML, CSS, JS & React ([Udemy](#))

Introduction to Artificial Intelligence (Infosys Springboard)
